DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l’Acte de l’Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d’autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d’une manière claire et intelligible la nature et l’objet de la demande (sauf s’il s’agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s’il ne s’en publie qu’un seul dans ce district ; ou s’il n’y paraît pas de journal, alors la publication de l’avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s’en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s’il n’y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s’en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l’intervalle de temps qui s’écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l’avis, devront être transmis au greffier de chaque Chambre, et porter à l’endos “ Demande de bill privé.”

Si la pétition demande l’autorisation de présenter un bill privé ayant pour objet la construction d’un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l’étendue du privilège, de la hauteur des arches, de l’espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c’est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l’ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l’impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l’impression de l’acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L’honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l’obtention d’un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu’un bill doit opérer dans plus d’une province, territoire ou district, l’avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l’objet de ces bills ; des raisons spéciales seront données chaque fois que l’on aura l’intention de se départir de ce principe, ou que l’on voudra y introduire d’autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l’on entend s’écarter de l’Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu’aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l’officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d’actes existants que l’on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l’on proposera d’insérer dans un bill quelconque, seront imprimées dans l’avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

Greffier des Communes.

ORDERS IN COUNCIL.

[504]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 5th February, 1896, from the Minister of the Interior, stating that on the 17th June, 1890, Mr. Thomas Goggin made homestead entry for the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian ; that from the time of his entry until the summer of 1895, Mr. Goggin resided upon his homestead for about three months in each year, and made considerable improvements on the land, consisting of forty acres of cultivation, a house, stables and well, and one and a half miles of fencing, as well as keeping upwards of thirty head of cattle and horses.

The Minister further states that the residence put in upon the homestead by Mr. Goggin, is not sufficient to entitle him to a free patent for the land, and it is represented that it would be difficult for Mr. Goggin to commence his duties afresh and reside on the land for six months in each of three ensuing years, but that he is willing to purchase the land at a fair valuation, and that the Homestead Inspector reported in the month of June of last year that the value of the quarter-section in question was $1 per acre ; the soil being sandy, with some parts scrubby, and fifty acres being taken up with large muskegs.

The Minister, under the circumstances, recommends that he be authorized to sell the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian to Mr. Thomas Goggin at the rate of $1 per acre.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 23rd January, 1896, from the Minister of the Interior, stating that the Department of Indian Affairs has made application for an additional area of land on Lake Winnipeg, at the mouth of the Saskatchewan River, to be set apart and added to the present reserve at Grand Rapids, for the use of the Band of Indians located at that point.

The Minister further states that the tract proposed to be added to the present Reserve, embracing an area of 1899 acres, is coloured "green" on the accompanying plan. In asking for this additional grant the Deputy Superintendent General of Indian Affairs points out the fact that the Surveyor employed by the Department of Indian Affairs to lay off the addition to the reserve reports that fully one-half of both the original and the new reserve is composed of muskeg, and is therefore valueless for purposes of cultivation. The lands in question are situate in unsurveyed territory, and there would appear to be no objection to their appropriation for the purpose stated.

The Minister, therefore, recommends that the area coloured "green" on the accompanying map, be set apart and secured for the purposes of an additional reserve for the Indians of Grand Rapids, Saskatchewan River.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th January, 1896, from the Minister of the Interior, stating that by Order in Council of the 13th December, 1886, the fractional west half, and a strip of five chains in width along the east side of St. Mary's River, in the south-east quarter of Section 18, Township 7, Range 21 west of the 4th Dominion Lands Meridian, were reserved for stock watering purposes.

The Minister further states that Mr. George Russell, the owner of the fractional east half of Section 18, has applied to be permitted to acquire the said reserved lands and has offered in exchange therefor that portion of the north-east quarter of Section 18, situated north of Pot Hole River, and a strip off the southerly portion of the south-east quarter of the said section lying east of the St. Mary's River, shown coloured *red* on the annexed map, the total area of the two blocks to be equal to the area of the land he desires to acquire. Mr. Russell has also offered to incur the expense of making any survey which may be found necessary.

Mr. William Pearce, the superintendent of mines, has examined the said lands, and has reported that there is no objection to meeting Mr. Russell's wishes in this matter.

The Minister recommends that the proposed exchange be sanctioned.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 21st December, 1895, from the Minister of the Interior, stating that the British Columbia Drainage and Dyking Company, as the successors of Messrs. Nathan and Mohun, have been authorized under the several Orders in Council in that behalf to purchase a tract of about 15,000 acres in extent known as the Pitt River Meadows, at the rate of $5.75 per acre, so soon as they shall have reclaimed these lands by dyking and drainage.

The Minister states that by an Order in Council of the 7th March, 1893, for the reasons therein stated, this company was required to consent to the inclusion of that portion of the lands lying south of the Lillooet River, and containing about 2,034 acres, in the reclamation scheme of the Maple Ridge Dyking Commissioners who were dyking and draining certain adjacent lands under the provisions of The British Columbia Drainage, Dyking and Irrigation Act of 1894. A question thereupon arose as to the power of commissioners working under a Provincial Statute to levy assessments upon Dominion lands, and the Minister of Justice expressed the opinion that assessments to defray the cost of dyking which might be levied upon any lands brought under the operation of the said British Columbia Drainage Act, would constitute a tax within the meaning of section 125 of The British North America Act. An Order in Council was therefore passed on the 13th July, 1895, permitting the British Columbia Drainage and Dyking Company to make a division of the tract of 2,034 acres lying south of the Lillooet River, amongst its shareholders for the purpose of enabling them individually to bring these lands under the operation of the local Drainage Act. By that Order in Council the Minister of the Interior was authorized to convey to such shareholders, individually, without waiting for the completion of the drainage, such portions of the tract in question as may fall to them respectively, upon filing in the Department of the Interior, certified copies of resolutions, under the seal of the company, duly authorizing the division of the said 2,034 acres as well as conveyances executed in proper form by the company to each individual purchaser, as aforesaid, and upon payment of the price originally stipulated, namely, $5.75 per acre.

The Minister further states that it has been represented to him that in the reclamation of the said 2,034 acres the Maple Ridge Dyking Commissioners have expended a very large sum of money in erecting a dyke, which, however, was found insufficient to protect the land against the floods of 1894; that an additional expenditure of about $46,000 has been found necessary to further raise the dyke, and that on account of this heavy expenditure it has been found necessary to greatly increase the rate of the assessments levied by the Commissioners. The President of the British Columbia Drainage and Dyking Company therefore, acting on behalf of the shareholders of that company amongst whom the said 2,034 acres have been divided, and on whom the burden of the increased assessments falls, asks that the price of these lands be reduced to $1 an acre.

The Minister is of opinion that, in view of the position in which the shareholders of the British Columbia Drainage and Dyking Company find themselves, as above stated, and also of the fact that the price of Dominion lands in the New Westminster District, which was $5 per acre when the company tendered for the Pitt River Meadow lands, has been reduced by an Order in Council of the 11th July, 1895, to $1 an acre, this application is deserving of favourable consideration, he therefore recommends that the Order in Council of the 13th July, 1895, be amended by reducing the price of that portion of the tract to be reclaimed, lying south of the Lillooet River, as shown coloured green on the annexed map, and containing about 2,034 acres, from $5.75 to $1 per acre.

The Committee submit the above for Your Excellency's approval.

32–4 Clerk of the Privy Council.

[32]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 29e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport en date du 23 de janvier 1896, du Ministre de l'Intérieur, énonçant que le département des affaires des Sauvages avait demandé qu'une étendue additionnelle de terrain sur le lac Winnipeg, à l'embouchure de la rivière Saskatchewan, soit mise à part et ajoutée à la présente réserve aux Grands Rapides pour l'usage de la bande de Sauvages qui y est fixée.

Le Ministre dit de plus que la lisière qu'il est proposé d'ajouter à la réserve actuelle, comprenant une étendue de 1899 acres, est colorée "vert" sur le plan ci-joint. En demandant cet octroi additionnel, le Sous-Surintendant Général des Affaires des Sauvages fait remarquer que l'arpenteur employé par le département des affaires des Sauvages pour disposer l'addition à la réserve, rapporte qu'une bonne moitié tant de la réserve primitive que de la nouvelle se compose de marais, et est conséquemment d'aucune valeur pour la culture. Les terres en question sont situées dans un territoire non arpenté, et il ne semble pas exister d'objection à ce qu'elles soient appropriées à l'objet mentionné.

Le Ministre recommande donc que l'étendue colorée "vert" sur le plan ci-joint, soit mise à part et réservée pour les fins d'une réserve additionnelle pour les Sauvages des Grands Rapides, rivière Saskatchewan.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
33-4 Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

APPOINTMENTS.

DEPARTMENT OF THE SECRETARY OF STATE OF CANADA.

His Excellency the Governor General has been pleased to make the following appointment, viz. :—

ORDERS IN COUNCIL.

[566]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, by section 3 of the Regulations governing the disposal of Dominion lands containing minerals other than coal, established by the Order in Council of the 9th November, 1889, it is provided that a location for mining, except for iron, shall not exceed 1,500 feet in length and 600 feet in breadth ;

And whereas, it appears that a location of the size prescribed by the said Regulations and which contains an area of about 20 acres, is too limited for land containing mica, as the cost and difficulty of extraction generally limit workings to a comparatively small depth, and for profitable work a greater superficial area is desirable ;

His Excellency, in virtue of the provisions of The Dominion Lands Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that locations for the mining of mica shall be increased to an area of 160 acres, the area prescribed for locations for the mining of iron by section 13 of the said Regulations, and that sections 3 and 13 of the said Regulations of the 9th November, 1889, be amended accordingly.

JOHN J. McGEE,
35-4 Clerk of the Privy Council.

[567]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th February, 1896, from the Minister of the Interior, submitting that an application has been received from Mr. W. R. Hull, who is at present the owner of what was formerly the Indian Supply Farm at Fish Creek, for the closing of the road allowances between sections on the said farm.

The Minister states that it appears from reports by the Superintendent of Mines and the Chief Inspector of Surveys that the said road allowances are not needed by the public, and that roads along the west and part of the north and south boundaries of the farm are quite sufficient to meet the requirements of travel.

The Minister therefore recommends that the Lieutenant-Governor of the North-west Territories be authorized to close the said road allowances, as shown on the accompanying plan, under the powers vested in him by section 21 of 57-58 Victoria, chapter 17, which provides that : "The Lieutenant-Governor, may, with the consent of the Governor in Council, close up any road which has been transferred to the Territories, or vary its direction, and may, subject to any ordinances made in respect thereof, open and establish any new highway in the stead of such road ; and the land in any road allowance, public travelled road, or trail so closed, may be dealt with as the Governor in Council sees fit."

The Minister further recommends that the consent of Your Excellency be made conditional upon the grant for public purposes by Mr. Hull, of the land required for a road, one chain wide, along and inside the west and parts of the north and south boundaries of this farm, which land may be more particularly described as follows:—

Beginning at the point where the west boundary of Section Twenty-six, in Township Twenty-two, Range One west of the Fifth Meridian, is intersected by the south boundary of the said farm; thence northerly along the prolongation of the said west boundary, a distance of one chain; thence westerly, parallel to said south boundary, a distance of twenty-nine chains and seventy-five links, more or less, to a point one chain distant easterly at right angles from the west boundary of said farm; thence northerly parallel to the said west boundary, a distance of two hundred and thirty-eight chains and seventy-three links, more or less, to a point one chain distant southerly at right angles from the north boundary of the said farm; thence easterly on a line parallel to the said north boundary, a distance of thirty chains and forty-eight and one-half links, more or less, to its intersection with the southerly prolongation of the west boundary of Section Eleven, in Township Twenty-three, in Range One west of the Fifth Meridian; thence northerly along the said prolongation, a distance of one chain to the north boundary of the said farm; thence westerly along the said north boundary, a distance of thirty-one chains and forty-eight and one-half links, more or less, to the north-west corner of the said farm; thence southerly along the said west boundary, a distance of two hundred and forty chains and seventy-three links, more or less, to the south-west corner of the same; thence easterly along the south boundary of the same, a distance of thirty chains and seventy-five links, more or less, to the place of beginning, containing an area of thirty acres and nine-hundredths of an acre, more or less.

The Minister further recommends that the land in any of the road allowances closed be granted to Mr. Hull, in exchange for the land to be taken along the west, north and south boundaries for a public road.

The Committee advise that a certified copy of this Minute, if approved, be forwarded to the Lieutenant-Governor of the North-west Territories.

JOHN J. McGEE,
35-4 Clerk of the Privy Council.

[504]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 5th February, 1896, from the Minister of the Interior, stating that on the 17th June, 1890, Mr. Thomas Goggin made homestead entry for the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian; that from the time of his entry until the summer of 1895, Mr. Goggin resided upon his homestead for about three months in each year, and made considerable improvements on the land, consisting of forty acres of cultivation, a house, stables and well, and one and a half miles of fencing, as well as keeping upwards of thirty head of cattle and horses.

The Minister further states that the residence put in upon the homestead by Mr. Goggin, is not sufficient to entitle him to a free patent for the land, and it is represented that it would be difficult for Mr. Goggin to commence his duties afresh and reside on the land for six months in each of three ensuing years, but that he is willing to purchase the land at a fair valuation, and that the Homestead Inspector reported in the month of June of last year that the value of the quarter-section in question was $1 per acre; the soil being sandy, with some parts scrubby, and fifty acres being taken up with large muskegs.

The Minister, under the circumstances, recommends that he be authorized to sell the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian to Mr. Thomas Goggin at the rate of $1 per acre.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
34-4 Clerk of the Privy Council.

His Excellency, under the provisions of the Act 58-59 Victoria, chapter 30, intituled "An Act to amend the Act respecting roads and road allowances in the Province of Manitoba," and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the opening of that portion of the said road across the north-west quarter of Section 36, coloured pink on the accompanying plan, shall be and the same is hereby granted and the unpatented land forming the said public highway transferred to and vested in the Province of Manitoba.

On a Report, dated 23rd January, 1896, from the Minister of the Interior, stating that the Department of Indian Affairs has made application for an additional area of land on Lake Winnipeg, at the mouth of the Saskatchewan River, to be set apart and added to the present reserve at Grand Rapids, for the use of the Band of Indians located at that point.

The Minister further states that the tract proposed to be added to the present Reserve, embracing an area of 1899 acres, is coloured "green" on the accompanying plan. In asking for this additional grant the Deputy Superintendent General of Indian Affairs points out the fact that the Surveyor employed by the Department of Indian Affairs to lay off the addition to the reserve reports that fully one-half of both the original and the new reserve is composed of muskeg, and is therefore valueless for purposes of cultivation. The lands in question are situate in unsurveyed territory, and there would appear to be no objection to their appropriation for the purpose stated.

The Minister, therefore, recommends that the area coloured "green" on the accompanying map, be set apart and secured for the purposes of an additional reserve for the Indians of Grand Rapids, Saskatchewan River.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 21st December, 1895, from the Minister of the Interior, stating that the British Columbia Drainage and Dyking Company, as the successors of Messrs. Nathan and Mohun, have been authorized under the several Orders in Council in that behalf to purchase a tract of about 15,000 acres in extent known as the Pitt River Meadows, at the rate of $5.75 per acre, so soon as they shall have reclaimed these lands by dyking and drainage.

The Minister states that by an Order in Council of the 7th March, 1893, for the reasons therein stated, this company was required to consent to the inclusion of that portion of the lands lying south of the Lillooet River, and containing about 2,034 acres, in the reclamation scheme of the Maple Ridge Dyking Commissioners who were dyking and draining certain adjacent lands under the provisions of The British Columbia Drainage, Dyking and Irrigation Act of 1894. A question thereupon arose as to the power of commissioners working under a Provincial Statute to levy assessments upon Dominion lands, and the Minister of Justice expressed the opinion that assessments to defray the cost of dyking which might be levied upon any lands brought under the operation of the said British Columbia Drainage Act, would constitute a tax within the meaning of section 125 of The British North America Act. An Order in Council was therefore passed on the 13th July, 1895, permitting the British Columbia Drainage and Dyking Company to make a division of the tract of 2,034 acres lying south of the Lillooet River, amongst its shareholders for the purpose of enabling them individually to bring these lands under the operation of the local Drainage Act. By that Order in Council the Minister of the Interior was authorized to convey to such shareholders, individually, without waiting for the completion of the drainage, such portions of the tract in question as may fall to them respectively, upon filing in the Department of the Interior, certified copies of resolutions, under the seal of the company, duly authorizing the division of the said 2,034 acres as well as conveyances executed in proper form by the company to each individual purchaser, as aforesaid, and upon payment of the price originally stipulated, namely, $5.75 per acre.

The Minister further states that it has been represented to him that in the reclamation of the said 2,034 acres the Maple Ridge Dyking Commissioners have expended a very large sum of money in erecting a dyke, which, however, was found insufficient to protect the land against the floods of 1894; that an additional expenditure of about $46,000 has been found necessary to further raise the dyke, and that on account of this heavy expenditure it has been found necessary to greatly increase the rate of the assessments levied by the Commissioners. The President of the British Columbia Drainage and Dyking Company therefore, acting on behalf of the shareholders of that company amongst whom the said 2,034 acres have been divided, and on whom the burden of the increased assessments falls, asks that the price of these lands be reduced to $1 an acre.

The Minister is of opinion that, in view of the position in which the shareholders of the British Columbia Drainage and Dyking Company find themselves, as above stated, and also of the fact that the price of Dominion lands in the New Westminster District, which was $5 per acre when the company tendered for the Pitt River Meadow lands, has been reduced by an Order in Council of the 11th July, 1895, to $1 an acre, this application is deserving of favourable consideration, he therefore recommends that the Order in Council of the 13th July, 1895, be amended by reducing the price of that portion of the tract to be reclaimed, lying south of the Lillooet River, as shown coloured green on the annexed map, and containing about 2,034 acres, from $5.75 to $1 per acre.

The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Saturday, the 18th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 6th January, 1896, from the Minister of the Interior, stating that by Order in Council of the 13th December, 1886, the fractional west half, and a strip of five chains in width along the east side of St. Mary's River, in the south-east quarter of Section 18, Township 7, Range 21 west of the 4th Dominion Lands Meridian, were reserved for stock watering purposes.

The Minister further states that Mr. George Russell, the owner of the fractional east half of Section 18, has applied to be permitted to acquire the said reserved lands and has offered in exchange therefor that portion of the north-east quarter of Section 18, situated north of Pot Hole River, and a strip off the southerly portion of the south-east quarter of the said section lying east of the St. Mary's River, shown coloured *red* on the annexed map, the total area of the two blocks to be equal to the area of the land he desires to acquire. Mr. Russell has also offered to incur the expense of making any survey which may be found necessary.

Mr. William Pearce, the superintendent of mines, has examined the said lands, and has reported that there is no objection to meeting Mr. Russell's wishes in this matter.

The Minister recommends that the proposed exchange be sanctioned.

The Committee submit the same for Your Excellency's approval.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 29e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport en date du 23 de janvier 1896, du Ministre de l'Intérieur, énonçant que le département des affaires des Sauvages avait demandé qu'une étendue additionnelle de terrain sur le lac Winnipeg, à l'embouchure de la rivière Saskatchewan, soit mise à part et ajoutée à la présente réserve aux Grands Rapides pour l'usage de la bande de Sauvages qui y est fixée.

Le Ministre dit de plus que la lisière qu'il est proposé d'ajouter à la réserve actuelle, comprenant une étendue de 1899 acres, est colorée "vert" sur le plan ci-joint. En demandant cet octroi additionnel, le Sous-Surintendant Général des Affaires des Sauvages fait remarquer que l'arpenteur employé par le département des affaires des Sauvages pour disposer l'addition à la réserve, rapporte qu'une bonne moitié tant de la réserve primitive que de la nouvelle se compose de marais, et est conséquemment d'aucune valeur pour la culture. Les terres en question sont situées dans un territoire non arpenté, et il ne semble pas exister d'objection à ce qu'elles soient appropriées à l'objet mentionné.

Le Ministre recommande donc que l'étendue colorée "vert" sur le plan ci-joint, soit mise à part et réservée pour les fins d'une réserve additionnelle pour les Sauvages des Grands Rapides, rivière Saskatchewan.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé n sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

The Minister further states that according to the Surveyor's reports the land applied for by the Company consists of sand hills and scattered timber. The Canadian Pacific Railway Company who were entitled to receive the odd-numbered sections within the tract in question as a portion of their land subsidy, refused to accept them. In addition to the soil being inferior, the position of the land is not as favourable as some of the tracts that are being sold to lessees at the rate of $1.25 an acre, under the authority of an Order in Council dated the 22nd of April, 1893.

The Minister is of opinion that it would not be detrimental to the public interest if the application made by the Boyd Ranching Company were granted, and recommends that the land applied for be sold to them at the rate of $1.25 an acre.

The Committee submit the above recommendation for Your Excellency's approval.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 6th February, 1896, from the Minister of the Interior, submitting that an application has been received from Mr. W. R. Hull, who is at present the owner of what was formerly the Indian Supply Farm at Fish Creek, for the closing of the road allowances between sections on the said farm.

The Minister states that it appears from reports by the Superintendent of Mines and the Chief Inspector of Surveys that the said road allowances are not needed by the public, and that roads along the west and part of the north and south boundaries of the farm are quite sufficient to meet the requirements of travel.

The Minister therefore recommends that the Lieutenant-Governor of the North-west Territories be authorized to close the said road allowances, as shown on the accompanying plan, under the powers vested in him by section 2[illegible] of 57-58 Victoria, chapter 17, which provides that : “The Lieutenant-Governor, may, with the consent of the Governor in Council, close up any road which has been transferred to the Territories, or vary its direction, and may, subject to any ordinances made in respect thereof, open and establish any new highway in the stead of such road ; and the land in any road allowance, public travelled road, or trail so closed, may be dealt with as the Governor in Council sees fit.”

The Minister further recommends that the consent of Your Excellency be made conditional upon the grant for public purposes by Mr. Hull, of the land required for a road, one chain wide, along and inside the west and parts of the north and south boundaries of this farm, which land may be more particularly described as follows:—

Beginning at the point where the west boundary of Section Twenty-six, in Township Twenty-two, Range One west of the Fifth Meridian, is intersected by the south boundary of the said farm; thence northerly along the prolongation of the said west boundary, a distance of one chain; thence westerly, parallel to said south boundary, a distance of twenty-nine chains and seventy-five links, more or less, to a point one chain distant easterly at right angles from the west boundary of said farm; thence northerly parallel to the said west boundary, a distance of two hundred and thirty-eight chains and seventy-three links, more or less, to a point one chain distant southerly at right angles from the north boundary of the said farm; thence easterly on a line parallel to the said north boundary, a distance of thirty chains and forty-eight and one-half links, more or less, to its intersection with the southerly prolongation of the west boundary of Section Eleven, in Township Twenty-three, in Range One west of the Fifth Meridian; thence northerly along the said prolongation, a distance of one chain to the north boundary of the said farm; thence westerly along the said north boundary, a distance of thirty-one chains and forty-eight and one-half links, more or less, to the north-west corner of the said farm; thence southerly along the said west boundary, a distance of two hundred and forty chains and seventy-three links, more or less, to the south-west corner of the same; thence easterly along the south boundary of the same, a distance of thirty chains and seventy-five links, more or less, to the place of beginning, containing an area of thirty acres and nine-hundredths of an acre, more or less.

The Minister further recommends that the land in any of the road allowances closed be granted to Mr. Hull, in exchange for the land to be taken along the west, north and south boundaries for a public road.

The Committee advise that a certified copy of this Minute, if approved, be forwarded to the Lieutenant-Governor of the North-west Territories.

JOHN J. McGEE,
35–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 5th February, 1896, from the Minister of the Interior, stating that on the 17th June, 1890, Mr. Thomas Goggin made homestead entry for the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian; that from the time of his entry until the summer of 1895, Mr. Goggin resided upon his homestead for about three months in each year, and made considerable improvements on the land, consisting of forty acres of cultivation, a house, stables and well, and one and a half miles of fencing, as well as keeping upwards of thirty head of cattle and horses.

The Minister further states that the residence put in upon the homestead by Mr. Goggin, is not sufficient to entitle him to a free patent for the land, and it is represented that it would be difficult for Mr. Goggin to commence his duties afresh and reside on the land for six months in each of three ensuing years, but that he is willing to purchase the land at a fair valuation, and that the Homestead Inspector reported in the month of June of last year that the value of the quarter-section in question was $1 per acre; the soil being sandy, with some parts scrubby, and fifty acres being taken up with large muskegs.

The Minister, under the circumstances, recommends that he be authorized to sell the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian to Mr. Thomas Goggin at the rate of $1 per acre.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
34–4 Clerk of the Privy Council.

Wednesday, the 29th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 23rd January, 1896, from the Minister of the Interior, stating that the Department of Indian Affairs has made application for an additional area of land on Lake Winnipeg, at the mouth of the Saskatchewan River, to be set apart and added to the present reserve at Grand Rapids, for the use of the Band of Indians located at that point.

The Minister further states that the tract proposed to be added to the present Reserve, embracing an area of 1899 acres, is coloured "green" on the accompanying plan. In asking for this additional grant the Deputy Superintendent General of Indian Affairs points out the fact that the Surveyor employed by the Department of Indian Affairs to lay off the addition to the reserve reports that fully one-half of both the original and the new reserve is composed of muskeg, and is therefore valueless for purposes of cultivation. The lands in question are situate in unsurveyed territory, and there would appear to be no objection to their appropriation for the purpose stated.

The Minister, therefore, recommends that the area coloured "green" on the accompanying map, be set apart and secured for the purposes of an additional reserve for the Indians of Grand Rapids, Saskatchewan River.

The Committee submit the same for Your Excellency's approval.

Clerk of the Privy Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, by section 3 of the Regulations governing the disposal of Dominion lands containing minerals other than coal, established by the Order in Council of the 9th November, 1889, it is provided that a location for mining, except for iron, shall not exceed 1,500 feet in length and 600 feet in breadth;

And whereas, it appears that a location of the size prescribed by the said Regulations and which contains an area of about 20 acres, is too limited for land containing mica, as the cost and difficulty of extraction generally limit workings to a comparatively small depth, and for profitable work a greater superficial area is desirable;

His Excellency, in virtue of the provisions of The Dominion Lands Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that locations for the mining of mica shall be increased to an area of 160 acres, the area prescribed for locations for the mining of iron by section 13 of the said Regulations, and that sections 3 and 13 of the said Regulations of the 9th November, 1889, be amended accordingly.

NOTICE TO MARINERS.

No. 2 of 1896.

I. HYDROGRAPHIC NOTES, QUEEN CHARLOTTE ISLANDS.

The following notes respecting navigation on the west side of Queen Charlotte Islands, on the Pacific Coast of Canada, are derived from information obtained by Captain John Irving, of the Canadian Pacific Navigation Company, and Captain Meyer, Master of the steamer "Danube," while searching for the steamer "Strathnevis."

Tasoo Harbour was made use of during the cruise. The harbour is easy of access for steamers and is a well sheltered bay, with bold, steep cliffs on each side of the narrow entrance. Indifferent anchorage was obtained, one cable off a conspicuous gravelly beach on the northern shore, and eastward of three bare rocky islets. No doubt much better anchorage could be found were the bay examined.

When steering along the shore to Cape Henry, from the point of land near San Christoval mountain, in lat. 52° 29' N., there were no large openings seen in the shore line as marked on the chart, with the exception of Tasoo Harbour.

A heavy break, evidently a rock, in the entrance of Moore Channel, one and a quarter mile N.N.W. from Cape Henry.

Position, to be considered doubtful: (Taken from plan of Moore Channel, (2168).

Lat. N. 52° 56' 54"
Long. W. 132° 21' 0"

The heavy breaker in this approximate position has been seen many times on previous voyages by Captain Meyer, and was again observed on this cruise of the "Danube."

There is a small island about two miles in circumference off the entrance to Skidegate Channel, bearing from the South Point of entrance, west, distant four miles. There is a rock half a mile east of this island on which the sea breaks heavily.

Position of rock, to be considered doubtful:

Lat. N. 53° 9' 50"
Long. W. 132° 32' 0"

Foul ground extends westward from the South Point of entrance to Skidegate Channel for a distance of one mile.

There is a good harbour with secure anchorage on the north side of Skidegate Channel, about two miles from the west entrance. The South Point of entrance to Skidegate Channel bears from the entrance to this harbour S.W. ¼ W., distant two miles.

A rock on which the sea was breaking heavily, in Rennell Sound. Position, to be considered doubtful.

Lat. N. 53° 26'
Long. W. 132° 49'

A rock on which the sea was breaking heavily off North Island. North-west point of North Island, bearing S.E. by E., distant 8 miles. Position, to be considered doubtful:

Lat. N. 54° 22'
Long. W. 133° 3'

This Notice affects Admiralty Charts Nos. 1923, 2168 and 2430, and British Columbia Pilot, 1888, pages 515 to 519.

II. ESTABLISHMENT OF A STAFF LIGHT IN THE NORTHERN ENTRANCE TO URAGA CHANNEL, JAPAN.

Notice is given by the Government of Japan that on the 10th February instant they intended to exhibit a Fixed Red Staff Light from a Staff erected by the War Department on Fort No. 3, Northern entrance to Uraga Channel, Bay of Tokio; and that on the same date the Lighted Buoy hitherto moored near the Fort would be withdrawn.

The Staff Light will be elevated 37 feet above the sea, and will show all round, being visible 6 miles.

The staff is painted white and is 30 feet high from the base to the light.

The position of the light, according to the Japanese Admiralty Chart No. 90, is:—

Lat. 35° 17' 27" North,
Long. 139° 44' 20" East of Greenwich.

Vessels should pass all round this light at a distance not nearer than two cables from it.

Règlement concernant les vaisseaux mouillant dans et passant par une partie du havre de Québec.

1. Nul vaisseau ne jettera l'ancre dans cette partie du havre de Québec bornée au nord par une ligne tirée de l'angle sud-est du quai appartenant à la succession de feu James Gibb, communément appelée Quai de Crawford, jusqu'à l'angle du quai appartenant à la succession Lagueux communément appelé Quai de Barra, Lévis, et au sud par une ligne tirée du centre de la Salle du Marché Champlain jusqu'à l'angle nord-ouest du quai appartenant à la succession de feu D. Mardi, le 11e jour de février 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, daté le 27 de janvier 1896, du Ministre de l'Intérieur, soumettant qu'en vertu de l'autorité d'un arrêté en conseil daté le 28e jour de décembre 1895, il a été délivré un bail de certains terrains pour des fins de pâturage dans le township 9, rang 14 à l'ouest du 1er méridien, en faveur de la Boyd Ranching Company, de Carberry, Manitoba.

Le Ministre dit que la compagnie désire maintenant acheter les terrains suivants qui sont situés dans leur tenure, à l'exception de quarante acres sis en dehors du mais adjacent au terrain affermé :—La moitié ouest de la section 4, le quart nord-ouest et la moitié nord du quart sud-ouest de la section 15, la section 16, la section 17, les subdivisions légales 8 et 9 de la section

18, et la subdivision légale 1 de la section 21, tous dans le township 9, rang 14 à l'ouest du 1er méridien, contenant une étendue de 1,960 acres, plus ou moins.

Le Ministre dit de plus, que suivant les rapports de l'arpenteur, le terrain demandé par la compagnie se compose de côteaux de sable et de bois épars. La Compagnie de chemin de fer Canadien du Pacifique qui avait droit de recevoir les sections impaires dans la région en question comme partie de leur subvention en terres, refuse de les accepter. Outre l'infériorité du sol, la position du terrain n'est pas aussi favorable que quelques-unes des terres qui sont aujourd'hui vendues à des locataires au taux de $1.25 l'acre, en vertu d'un arrêté en conseil daté le 22 d'avril 1893.

Le Ministre est d'opinion que l'intérêt public ne serait pas lésé si l'on accédait à la demande de la Boyd Ranching Company, et il recommande que le terrain demandé lui soit vendu au taux de $1.25 l'acre.

Le Comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 29e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport en date du 23 de janvier 1896, du Ministre de l'Intérieur, énonçant que le département des affaires des Sauvages avait demandé qu'une étendue additionnelle de terrain sur le lac Winnipeg, à l'embouchure de la rivière Saskatchewan, soit mise à part et ajoutée à la présente réserve aux Grands Rapides pour l'usage de la bande de Sauvages qui y est fixée.

Le Ministre dit de plus que la lisière qu'il est proposé d'ajouter à la réserve actuelle, comprenant une étendue de 1899 acres, est colorée "vert" sur le plan ci-joint. En demandant cet octroi additionnel, le Sous-Surintendant Général des Affaires des Sauvages fait remarquer que l'arpenteur employé par le département des affaires des Sauvages pour disposer l'addition à la réserve, rapporte qu'une bonne moitié tant de la réserve primitive que de la nouvelle se compose de marais, et est conséquemment d'aucune valeur pour la culture. Les terres en question sont situées dans un territoire non arpenté, et il ne semble pas exister d'objection à ce qu'elles soient appropriées à l'objet mentionné.

Le Ministre recommande donc que l'étendue colorée "vert" sur le plan ci-joint, soit mise à part et réservée pour les fins d'une réserve additionnelle pour les Sauvages des Grands Rapides, rivière Saskatchewan.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

Les officiers et les hommes seront soumis à un examen médical—tous ceux qui sont rupturés ou ont une tendance à l'être seront exempts du cours. La compagnie, avec ses officiers, seront alors désignés pour assister au gymnase chaque second jour, pendant une heure. La durée du cours ne sera pas moindre que 12 jours ouvrables, mais cette durée pourra être prolongée à la discrétion de l'officier général commandant, aux postes ou aux garnisons où le service est léger. Les officiers de compagnies prendront part aux exercices avec leurs hommes. Les soldats de cavalerie et les hommes à cheval d'autres corps ne sont pas obligés de suivre ce cours.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

QUEBEC HARBOUR COMMISSIONERS.

At a weekly meeting of the Quebec Harbour Commissioners, held in their office in the Lower Town of the City of Quebec, being their usual place of sitting, on Friday, the eleventh day of October, in the year of Our Lord one thousand eight hundred and ninety-five, at 3 o'clock p.m., at which meeting were present the following Commissioners, namely :—

By-Law concerning vessels anchoring in and passing through a portion of the Harbour of Quebec.

1. No vessel shall anchor in that portion of the Harbour of Quebec, bounded on the north by a line drawn from the south-east corner of the wharf the property of the estate of the late James Gibb, commonly known as Crawford's Wharf, to the south-west corner of the wharf the property of the estate Lagueux, commonly known as Barra's Wharf, Levis, and on the south by a line drawn from the centre of the Champlain Market Hall to the north-west corner of the wharf the property of the estate of the late D. AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 27th January, 1896, from the Minister of the Interior, submitting that under the authority of an Order in Council dated the 28th of December, 1895, a lease for grazing purposes of certain lands in Township 9, Range 14 West of the 1st Meridian, was issued in favour of the Boyd Ranching Company, of Carberry, Manitoba.

The Minister states that the Company now desire to purchase the following lands which are situated within their leasehold, with the exception of forty acres which lie outside of but adjacent to the tract under lease:—The West half of Section 4, the North-west quarter and the North half of the South-west quarter of Section 15, Section 16, Section 17, legal subdivisions 8 and 9 of Section 18, and legal subdivision 1 of Section 21, all in Township 9, Range 14 West of the 1st Meridian, containing an area of 1,960 acres, more or less.

The Minister further states that according to the Surveyor's reports the land applied for by the company consists of sand hills and scattered timber. The Canadian Pacific Railway Company who were entitled to receive the odd-numbered sections within the tract in question as a portion of their land subsidy, refused to accept them. In addition to the soil being inferior, the position of the land is not as favourable as some of the tracts that are being sold to lessees at the rate of $1.25 an acre, under the authority of an Order in Council dated the 22nd of April, 1893.

The Minister is of opinion that it would not be detrimental to the public interest if the application made by the Boyd Ranching Company were granted, and recommends that the land applied for be sold to them at the rate of $1.25 an acre.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th February, 1896, from the Minister of the Interior, submitting that an application has been received from Mr. W. R. Hull, who is at present the owner of what was formerly the Indian Supply Farm at Fish Creek, for the closing of the road allowances between sections on the said farm.

The Minister states that it appears from reports by the Superintendent of Mines and the Chief Inspector of Surveys that the said road allowances are not needed by the public, and that roads along the west and part of the north and south boundaries of the farm are quite sufficient to meet the requirements of travel.

The Minister therefore recommends that the Lieutenant-Governor of the North-west Territories be authorized to close the said road allowances, as shown on the accompanying plan, under the powers vested in him by section 21 of 57-58 Victoria, chapter 17, which provides that: "The Lieutenant-Governor, may, with the consent of the Governor in Council, close up any road which has been transferred to the Territories, or vary its direction, and may, subject to any ordinances made in respect thereof, open and establish any new highway in the stead of such road; and the land in any road allowance, public travelled road, or trail so closed, may be dealt with as the Governor in Council sees fit."

The Minister further recommends that the consent of Your Excellency be made conditional upon the grant for public purposes by Mr. Hull, of the land required for a road, one chain wide, along and inside the west and parts of the north and south boundaries of this farm, which land may be more particularly described as follows:—

Beginning at the point where the west boundary of Section Twenty-six, in Township Twenty-two, Range One west of the Fifth Meridian, is intersected by the south boundary of the said farm; thence northerly along the prolongation of the said west boundary, a distance of one chain; thence westerly, parallel to said south boundary, a distance of twenty-nine chains and seventy-five links, more or less, to a point one chain distant easterly at right angles from the west boundary of said farm; thence northerly parallel to the said west boundary, a distance of two hundred and thirty-eight chains and seventy-three links, more or less, to a point one chain distant southerly at right angles from the north boundary of the said farm; thence easterly on a line parallel to the said north boundary, a distance of thirty chains and forty-eight and one-half links, more or less, to its intersection with the southerly prolongation of the west boundary of Section Eleven, in Township Twenty-three, in Range One west of the Fifth Meridian; thence northerly along the said prolongation, a distance of one chain to the north boundary of the said farm; thence westerly along the said north boundary, a distance of thirty-one chains and forty-eight and one-half links, more or less, to the north-west corner of the said farm; thence southerly along the said west boundary, a distance of two hundred and forty chains and seventy-three links, more or less, to the south-west corner of the same; thence easterly along the south boundary of the same, a distance of thirty chains and seventy-five links, more or less, to the place of beginning, containing an area of thirty acres and nine-hundredths of an acre, more or less.

The Minister further recommends that the land in any of the road allowances closed be granted to Mr. Hull, in exchange for the land to be taken along the west, north and south boundaries for a public road.

The Committee advise that a certified copy of this Minute, if approved, be forwarded to the Lieutenant-Governor of the North-west Territories.

JOHN J. McGEE,
Clerk of the Privy Council.

Tuesday, the 11th day of February, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 5th February, 1896, from the Minister of the Interior, stating that on the 17th June, 1890, Mr. Thomas Goggin made homestead entry for the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian; that from the time of his entry until the summer of 1895, Mr. Goggin resided upon his homestead for about three months in each year, and made considerable improvements on the land, consisting of forty acres of cultivation, a house, stables and well, and one and a half miles of fencing, as well as keeping upwards of thirty head of cattle and horses.

The Minister further states that the residence put in upon the homestead by Mr. Goggin, is not sufficient to entitle him to a free patent for the land, and it is represented that it would be difficult for Mr. Goggin to commence his duties afresh and reside on the land for six months in each of three ensuing years, but that he is willing to purchase the land at a fair valuation, and that the Homestead Inspector reported in the month of June of last year that the value of the quarter-section in question was $1 per acre; the soil being sandy, with some parts scrubby, and fifty acres being taken up with large muskegs.

The Minister, under the circumstances, recommends that he be authorized to sell the north-east quarter of Section 26, Township 9, Range 13 west of the 1st Meridian to Mr. Thomas Goggin at the rate of $1 per acre.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 23rd January, 1896, from the Minister of the Interior, stating that the Department of Indian Affairs has made application for an additional area of land on Lake Winnipeg, at the mouth of the Saskatchewan River, to be set apart and added to the present reserve at Grand Rapids, for the use of the Band of Indians located at that point.

The Minister further states that the tract proposed to be added to the present Reserve, embracing an area of 1899 acres, is coloured "green" on the accompanying plan. In asking for this additional grant the Deputy Superintendent General of Indian Affairs points out the fact that the Surveyor employed by the Department of Indian Affairs to lay off the addition to the reserve reports that fully one-half of both the original and the new reserve is composed of muskeg, and is therefore valueless for purposes of cultivation. The lands in question are situate in unsurveyed territory, and there would appear to be no objection to their appropriation for the purpose stated.

The Minister, therefore, recommends that the area coloured "green" on the accompanying map, be set apart and secured for the purposes of an additional reserve for the Indians of Grand Rapids, Saskatchewan River.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, by section 3 of the Regulations governing the disposal of Dominion lands containing minerals other than coal, established by the Order in Council of the 9th November, 1889, it is provided that a location for mining, except for iron, shall not exceed 1,500 feet in length and 600 feet in breadth ;

And whereas, it appears that a location of the size prescribed by the said Regulations and which contains an area of about 20 acres, is too limited for land containing mica, as the cost and difficulty of extraction generally limit workings to a comparatively small depth, and for profitable work a greater superficial area is desirable ;

His Excellency, in virtue of the provisions of The Dominion Lands Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that locations for the mining of mica shall be increased to an area of 160 acres, the area prescribed for locations for the mining of iron by section 13 of the said Regulations, and that sections 3 and 13 of the said Regulations of the 9th November, 1889, be amended accordingly.

JOHN J. McGEE,
35-4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 2 of 1896.

I. HYDROGRAPHIC NOTES, QUEEN CHARLOTTE ISLANDS.

The following notes respecting navigation on the west side of Queen Charlotte Islands, on the Pacific Coast of Canada, are derived from information obtained by Captain John Irving, of the Canadian Pacific Navigation Company, and Captain Meyer, Master of the steamer "Danube," while searching for the steamer "Strathnevis."

Tasoo Harbour was made use of during the cruise. The harbour is easy of access for steamers and is a well sheltered bay, with bold, steep cliffs on each side of the narrow entrance. Indifferent anchorage was obtained, one cable off a conspicuous gravelly beach on the northern shore, and eastward of three bare rocky islets. No doubt much better anchorage could be found were the bay examined.

When steering along the shore to Cape Henry, from the point of land near San Christoval mountain, in lat. 52° 29' N., there were no large openings seen in the shore line as marked on the chart, with the exception of Tasoo Harbour.

A heavy break, evidently a rock, in the entrance of Moore Channel, one and a quarter mile N.N.W. from Cape Henry.

Position, to be considered doubtful: (Taken from plan of Moore Channel, (2168).

Lat. N. 52° 56' 54"
Long. W. 132° 21' 0"

The heavy breaker in this approximate position has been seen many times on previous voyages by Captain Meyer, and was again observed on this cruise of the "Danube."

There is a small island about two miles in circumference off the entrance to Skidegate Channel, bearing from the South Point of entrance, west, distant four miles. There is a rock half a mile east of this island on which the sea breaks heavily.

Position of rock, to be considered doubtful:

Lat. N. 53° 9' 50"
Long. W. 132° 32' 0"

Foul ground extends westward from the South Point of entrance to Skidegate Channel for a distance of one mile.

There is a good harbour with secure anchorage on the north side of Skidegate Channel, about two miles from the west entrance. The South Point of entrance to Skidegate Channel bears from the entrance to this harbour S.W. ¼ W., distant two miles.

A rock on which the sea was breaking heavily, in Rennell Sound. Position, to be considered doubtful.

Lat. N. 53° 26'
Long. W. 132° 49'

A rock on which the sea was breaking heavily off North Island. North-west point of North Island, bearing S.E. by E., distant 8 miles. Position, to be considered doubtful:

Lat. N. 54° 22'
Long. W. 133° 3'

This Notice affects Admiralty Charts Nos. 1923, 2168 and 2430, and British Columbia Pilot, 1888, pages 515 to 519.

II. ESTABLISHMENT OF A STAFF LIGHT IN THE NORTHERN ENTRANCE TO URAGA CHANNEL, JAPAN.

Notice is given by the Government of Japan that on the 10th February instant they intended to exhibit a Fixed Red Staff Light from a Staff erected by the War Department on Fort No. 3, Northern entrance to Uraga Channel, Bay of Tokio; and that on the same date the Lighted Buoy hitherto moored near the Fort would be withdrawn.

The Staff Light will be elevated 37 feet above the sea, and will show all round, being visible 6 miles.

The staff is painted white and is 30 feet high from the base to the light.

The position of the light, according to the Japanese Admiralty Chart No. 90, is:—

Lat. 35° 17' 27" North,
Long. 139° 44' 20" East of Greenwich.

Vessels should pass all round this light at a distance not nearer than two cables from it.

A une assemblée hebdomadaire des Commissaires du Havre de Québec, tenue à leur bureau, en la Basse-Ville de la cité de Québec, étant leur lieu ordinaire de réunion, vendredi, le onzième jour d'octobre, dans l'année de Notre-Seigneur mil huit cent quatre-vingt-quinze, à 3 heures p.m., à laquelle assemblée étaient présents les commissaires suivants, savoir :—

Attendu qu'il est nécessaire, afin d'établir un bon service de passage d'eau entre Québec et Lévis, qu'un règlement soit passé défendant aux vaisseaux de jeter l'ancre dans la ligne régulière du passage d'eau, et les obligeant, en passant par une certaine partie du havre, de se tenir à une certaine distance de la devanture des quais, il est par le présent ordonné et statué par les Commissaires du Havre de Québec, comme suit :

Règlement concernant les vaisseaux mouillant dans et passant par une partie du havre de Québec.

1. Nul vaisseau ne jettera l'ancre dans cette partie du havre de Québec bornée au nord par une ligne tirée de l'angle sud-est du quai appartenant à la succession de feu James Gibb, communément appelée Quai de Crawford, jusqu'à l'angle du quai appartenant à la succession Lagueux communément appelé Quai de Barra, Lévis, et au sud par une ligne tirée du centre de la Salle du Marché Champlain jusqu'à l'angle nord-ouest du quai appartenant à la succession de feu D. D. Young communément appelé Quai de Simpson, Lévis, étant une distance d'environ quatre cents verges, mesure anglaise, ou un cinquième d'un mille marin.

2. Tous les vapeurs, et tous les vaisseaux à voiles à la remorque, en descendant ou remontant dans le havre sur le côté nord (ou de Québec) du fleuve, tant qu'ils seront entre la Chapelle des Marins et l'entrée des bassins Louise, se tiendront à une demi-encâblure au moins de la devanture des quais.

3. Le capitaine, propriétaire ou pilote en charge d'un vaisseau, ou toute personne que ce soit, qui enfreindra le présent règlement, encourra pour chaque infraction, une amende n'excédant pas quarante ($40) piastres.

Mardi, le 11e jour de février 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, daté le 27 de janvier 1896, du Ministre de l'Intérieur, soumettant qu'en vertu de l'autorité d'un arrêté en conseil daté le 28e jour de décembre 1895, il a été délivré un bail de certains terrains pour des fins de pâturage dans le township 9, rang 14 à l'ouest du 1er méridien, en faveur de la Boyd Ranching Company, de Carberry, Manitoba.

Le Ministre dit que la compagnie désire maintenant acheter les terrains suivants qui sont situés dans leur tenure, à l'exception de quarante acres sis en dehors du mais adjacent au terrain affermé :—La moitié ouest de la section 4, le quart nord-ouest et la moitié nord du quart sud-ouest de la section 15, la section 16, la section 17, les subdivisions légales 8 et 9 de la section 18, et la subdivision légale 1 de la section 21, tous dans le township 9, rang 14 à l'ouest du 1er méridien, contenant une étendue de 1,960 acres, plus ou moins.

Le Ministre dit de plus, que suivant les rapports de l'arpenteur, le terrain demandé par la compagnie se compose de côteaux de sable et de bois épars. La Compagnie de chemin de fer Canadien du Pacifique qui avait droit de recevoir les sections impaires dans la région en question comme partie de leur subvention en terres, refuse de les accepter. Outre l'infériorité du sol, la position du terrain n'est pas aussi favorable que quelques-unes des terres qui sont aujourd'hui vendues à des locataires au taux de $1.25 l'acre, en vertu d'un arrêté en conseil daté le 22 d'avril 1893.

Le Ministre est d'opinion que l'intérêt public ne serait pas lésé si l'on accédait à la demande de la Boyd Ranching Company, et il recommande que le terrain demandé lui soit vendu au taux de $1.25 l'acre.

Le Comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a*.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b*.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

JOHN J. McGEE,
Clerk of the Privy Council.

QUEBEC HARBOUR COMMISSIONERS.

At a weekly meeting of the Quebec Harbour Commissioners, held in their office in the Lower Town of the City of Quebec, being their usual place of sitting, on Friday, the eleventh day of October, in the year of Our Lord one thousand eight hundred and ninety-five, at 3 o'clock p.m., at which meeting were present the following Commissioners, namely :—

By-Law concerning vessels anchoring in and passing through a portion of the Harbour of Quebec.

1. D. Young, commonly known as Simpson's Wharf, Levis, being a distance of about four hundred English yards or one fifth of a sea mile.

2. All steamships, and all sailing vessels in tow in passing up or down through the Harbour on the north (Quebec) side of the river, while between the Mariners Chapel and the entrance to the Louise Docks, shall

keep out at least one half (½) cable's length from the front of the wharves.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th February, 1896, from the Minister of the Interior, submitting that an application has been received from Mr. W. R. Hull, who is at present the owner of what was formerly the Indian Supply Farm at Fish Creek, for the closing of the road allowances between sections on the said farm.

The Minister states that it appears from reports by the Superintendent of Mines and the Chief Inspector of Surveys that the said road allowances are not needed by the public, and that roads along the west and part of the north and south boundaries of the farm are quite sufficient to meet the requirements of travel.

The Minister therefore recommends that the Lieutenant-Governor of the North-west Territories be authorized to close the said road allowances, as shown on the accompanying plan, under the powers vested in him by section 21 of 57-58 Victoria, chapter 17, which provides that : “The Lieutenant-Governor, may, with the consent of the Governor in Council, close up any road which has been transferred to the Territories, or vary its direction, and may, subject to any ordinances made in respect thereof, open and establish any new highway in the stead of such road ; and the land in any road allowance, public travelled road, or trail so closed, may be dealt with as the Governor in Council sees fit.”

The Minister further recommends that the consent of Your Excellency be made conditional upon the grant for public purposes by Mr. Hull, of the land required for a road, one chain wide, along and inside the west and parts of the north and south boundaries of this farm, which land may be more particularly described as follows :—

Beginning at the point where the west boundary of Section Twenty-six, in Township Twenty-two, Range One west of the Fifth Meridian, is intersected by the south boundary of the said farm ; thence northerly along the prolongation of the said west boundary, a distance of one chain ; thence westerly, parallel to said south boundary, a distance of twenty-nine chains and seventy-five links, more or less, to a point one chain distant easterly at right angles from the west boundary of said farm ; thence northerly parallel to the said west boundary, a distance of two hundred and thirty-eight chains and seventy-three links, more or less, to a point one chain distant southerly at right angles from the north boundary of the said farm ; thence easterly on a line parallel to the said north boundary, a distance of thirty chains and forty-eight and one-half links, more or less, to its intersection with the southerly prolongation of the west boundary of Section Eleven, in Township Twenty-three, in Range One west of the Fifth Meridian ; thence northerly along the said prolongation, a distance of one chain to the north boundary of the said farm ; thence westerly along the said north boundary, a distance of thirty-one chains and forty-eight and one-half links, more or less, to the north-west corner of the said farm ; thence southerly along the said west boundary, a distance of two hundred and forty chains and seventy-three links, more or less, to the south-west corner of the same ; thence easterly along the south boundary of the same, a distance of thirty chains and seventy-five links, more or less, to the place of beginning, containing an area of thirty acres and nine-hundredths of an acre, more or less.

The Minister further recommends that the land in any of the road allowances closed be granted to Mr. Hull, in exchange for the land to be taken along the west, north and south boundaries for a public road.

The Committee advise that a certified copy of this Minute, if approved, be forwarded to the Lieutenant-Governor of the North-west Territories.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 27th January, 1896, from the Minister of the Interior, submitting that under the authority of an Order in Council dated the 28th of December, 1895, a lease for grazing purposes of certain lands in Township 9, Range 14 West of the 1st Meridian, was issued in favour of the Boyd Ranching Company, of Carberry, Manitoba.

The Minister states that the Company now desire to purchase the following lands which are situated within their leasehold, with the exception of forty acres which lie outside of but adjacent to the tract under lease :—The West half of Section 4, the North-west quarter and the North half of the South-west quarter of Section 15, Section 16, Section 17, legal subdivisions 8 and 9 of Section 18, and legal subdivision 1 of Section 21, all in Township 9, Range 14 West of the 1st Meridian, containing an area of 1,960 acres, more or less.

The Minister further states that according to the Surveyor's reports the land applied for by the company consists of sand hills and scattered timber. The Canadian Pacific Railway Company who were entitled to receive the odd-numbered sections within the tract in question as a portion of their land subsidy, refused to accept them. In addition to the soil being inferior, the position of the land is not as favourable as some of the tracts that are being sold to lessees at the rate of $1.25 an acre, under the authority of an Order in Council dated the 22nd of April, 1893.

The Minister is of opinion that it would not be detrimental to the public interest if the application made by the Boyd Ranching Company were granted, and recommends that the land applied for be sold to them at the rate of $1.25 an acre.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, by section 3 of the Regulations governing the disposal of Dominion lands containing minerals other than coal, established by the Order in Council of the 9th November, 1889, it is provided that a location for mining, except for iron, shall not exceed 1,500 feet in length and 600 feet in breadth ;

And whereas, it appears that a location of the size prescribed by the said Regulations and which contains an area of about 20 acres, is too limited for land containing mica, as the cost and difficulty of extraction generally limit workings to a comparatively small depth, and for profitable work a greater superficial area is desirable ;

His Excellency, in virtue of the provisions of The Dominion Lands Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that locations for the mining of mica shall be increased to an area of 160 acres, the area prescribed for locations for the mining of iron by section 13 of the said Regulations, and that sections 3 and 13 of the said Regulations of the 9th November, 1889, be amended accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

Attendu qu'il est nécessaire, afin d'établir un bon service de passage d'eau entre Québec et Lévis, qu'un règlement soit passé défendant aux vaisseaux de jeter l'ancre dans la ligne régulière du passage d'eau, et les obligeant, en passant par une certaine partie du havre, de se tenir à une certaine distance de la devanture des quais, il est par le présent ordonné et statué par les Commissaires du Havre de Québec, comme suit :

Mardi, le 11e jour de février 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 27 de janvier 1896, du Ministre de l'Intérieur, soumettant qu'en vertu de l'autorité d'un arrêté en conseil daté le 2[illegible]e jour de décembre 1895, il a été délivré nn bail de certains terrains pour des fins de pâturage dans le township 9, rang 14 à l'ouest du 1er méridien, en faveur de la Boyd Ranching Company, de Carberry, Manitoba.

Le Ministre dit que la compagnie désire maintenant acheter les terrains suivants qui sont situés dans leur tenure, à l'exception de quarante acres sis en dehors du mais adjacent au terrain affermé :—La moitié ouest de la section 4, le quart nord-ouest et la moitié nord du quart sud-ouest de la section 15, la section 16, la section 17, les subdivisions légales 8 et 9 de la section 18, et la subdivision légale 1 de la section 21, tous dans le township 9, rang 14 à l'ouest du 1er méridien, contenant une étendue de 1,960 acres, plus ou moins.

Le Ministre dit de plus, que suivant les rapports de l'arpenteur, le terrain demandé par la compagnie se compose de côteaux de sable et de bois épars. La Compagnie de chemin de fer Canadien du Pacifique qui avait droit de recevoir les sections impaires dans la région en question comme partie de leur subvention en terres, refuse de les accepter. Outre l'infériorité du sol, la position du terrain n'est pas aussi favorable que quelques-unes des terres qui sont aujourd'hui vendues à des locataires au taux de $1.25 l'acre, en vertu d'un arrêté en conseil daté le 22 d'avril 1893.

Le Ministre est d'opinion que l'intérêt public ne serait pas lésé si l'on accédait à la demande de la Boyd Ranching Company, et il recommande que le terrain demandé lui soit vendu au taux de $1.25 l'acre.

Le Comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

AVIS AUX MARINS.

No. 3 de 1896.

. AMÉLIORATION AU PHARE DE CAP GASPÉ.

La cheminée sur le côté nord-est du phare du Cap Gaspé, dans le golfe Saint-Laurent, qui obstruait le feu, a été transportée sur le côté de la bâtisse faisant face à la terre. Le feu est donc visible de tous les points d'approche de la mer.

Cet avis affecte les cartes de l'Amirauté Nos. 1163 et 1621, et la Liste des phares et signaux de brume canadiens, No. 509.

II. CHANGEMENT DANS LA HAUTEUR DE L'ARRIÈRE-FEU D'ALIGNEMENT DU CAP CHARLES.

Dans le cours de la dernière saison, le mât d'où était exhibé un feu de fanal, formant l'arrière-feu d'alignement au Cap Charles, dans le chenal des navires du fleuve Saint-Laurent entre Québec et Montréal, a été remplacé par un nouveau mât 40 pieds de hauteur, ou dix pieds plus haut que celui autrefois en usage. Le feu se trouve donc à 120 pieds au lieu de 110 pieds au-dessus de la marque des hautes eaux.

Cet avis affecte la carte de l'Amirauté No. 2830 A. et la Liste des phares et signaux de brume canadiens No. 692.

WM. SMITH,
Sous-ministre de la Marine et des Pêcheries.

☞Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements aux aides à la navigation, avis de nouvelles battures ou de nouveaux chenaux, erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la Marine et des Pêcheries, Ottawa, Canada." 38–3

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency, by and with the advice of the Queen's Privy Council for Canada, has been this day pleased to approve of the accompanying By-law of the Harbour Commissioners of Quebec, passed at a meeting held on the 11th day of October, 1895, in reference to the anchorage of vessels in and passing through a portion of the Harbour of Quebec.

JOHN J. McGEE,
Clerk of the Privy Council.

QUEBEC HARBOUR COMMISSIONERS.

At a weekly meeting of the Quebec Harbour Commissioners, held in their office in the Lower Town of the City of Quebec, being their usual place of sitting, on Friday, the eleventh day of October, in the year of Our Lord one thousand eight hundred and ninety-five, at 3 o'clock p.m., at which meeting were present the following Commissioners, namely:—

D. Young, commonly known as Simpson's Wharf, Levis, being a distance of about four hundred English yards or one fifth of a sea mile.

2. All steamships, and all sailing vessels in tow in passing up or down through the Harbour on the north (Quebec) side of the river, while between the Mariners Chapel and the entrance to the Louise Docks, shall

keep out at least one half (½) cable's length from the front of the wharves.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of February, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 27th January, 1896, from the Minister of the Interior, submitting that under the authority of an Order in Council dated the 28th of December, 1895, a lease for grazing purposes of certain lands in Township 9, Range 14 West of the 1st Meridian, was issued in favour of the Boyd Ranching Company, of Carberry, Manitoba.

The Minister states that the Company now desire to purchase the following lands which are situated within their leasehold, with the exception of forty acres which lie outside of but adjacent to the tract under lease :—The West half of Section 4, the North-west quarter and the North half of the South-west quarter of Section 15, Section 16, Section 17, legal subdivisions 8 and 9 of Section 18, and legal subdivision 1 of Section 21, all in Township 9, Range 14 West of the 1st Meridian, containing an area of 1,960 acres, more or less.

The Minister further states that according to the Surveyor's reports the land applied for by the company consists of sand hills and scattered timber. The Canadian Pacific Railway Company who were entitled to receive the odd-numbered sections within the tract in question as a portion of their land subsidy, refused to accept them. In addition to the soil being inferior, the position of the land is not as favourable as some of the tracts that are being sold to lessees at the rate of $1.25 an acre, under the authority of an Order in Council dated the 22nd of April, 1893.

The Minister is of opinion that it would not be detrimental to the public interest if the application made by the Boyd Ranching Company were granted, and recommends that the land applied for be sold to them at the rate of $1.25 an acre.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Mardi, le 11e jour de février 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, daté le 27 de janvier 1896, du Ministre de l'Intérieur, soumettant qu'en vertu de l'autorité d'un arrêté en conseil daté le 28e jour de décembre 1895, il a été délivré un bail de certains terrains pour des fins de pâturage dans le township 9, rang 14 à l'ouest du 1er méridien, en faveur de la Boyd Ranching Company, de Carberry, Manitoba.

Le Ministre dit que la compagnie désire maintenant acheter les terrains suivants qui sont situés dans leur tenure, à l'exception de quarante acres sis en dehors du mais adjacent au terrain affermé :—La moitié ouest de la section 4, le quart nord-ouest et la moitié nord du quart sud-ouest de la section 15, la section 16, la section 17, les subdivisions légales 8 et 9 de la section 18, et la subdivision légale 1 de la section 21, tous dans le township 9, rang 14 à l'ouest du 1er méridien, contenant une étendue de 1,960 acres, plus ou moins.

Le Ministre dit de plus, que suivant les rapports de l'arpenteur, le terrain demandé par la compagnie se compose de côteaux de sable et de bois épars. La Compagnie de chemin de fer Canadien du Pacifique qui avait droit de recevoir les sections impaires dans la région en question comme partie de leur subvention en terres, refuse de les accepter. Outre l'infériorité du sol, la position du terrain n'est pas aussi favorable que quelques-unes des terres qui sont aujourd'hui vendues à des locataires au taux de $1.25 l'acre, en vertu d'un arrêté en conseil daté le 22 d'avril 1893.

Le Ministre est d'opinion que l'intérêt public ne serait pas lésé si l'on accédait à la demande de la Boyd Ranching Company, et il recommande que le terrain demandé lui soit vendu au taux de $1.25 l'acre.

Le Comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

AVIS AUX MARINS.

No. 3 de 1896.

. AMÉLIORATION AU PHARE DE CAP GASPÉ.

La cheminée sur le côté nord-est du phare du Cap Gaspé, dans le golfe Saint-Laurent, qui obstruait le feu, a été transportée sur le côté de la bâtisse faisant face à la terre. Le feu est donc visible de tous les points d'approche de la mer.

Cet avis affecte les cartes de l'Amirauté Nos. 1163 et 1621, et la Liste des phares et signaux de brume canadiens, No. 509.

II. CHANGEMENT DANS LA HAUTEUR DE L'ARRIÈRE-FEU D'ALIGNEMENT DU CAP CHARLES.

Dans le cours de la dernière saison, le mât d'où était exhibé un feu de fanal, formant l'arrière-feu d'alignement au Cap Charles, dans le chenal des navires du fleuve Saint-Laurent entre Québec et Montréal, a été remplacé par un nouveau mât 40 pieds de hauteur, ou dix pieds plus haut que celui autrefois en usage. Le feu se trouve donc à 120 pieds au lieu de 110 pieds au-dessus de la marque des hautes eaux.

Cet avis affecte la carte de l'Amirauté No. 2830 A. et la Liste des phares et signaux de brume canadiens No. 692.

WM. SMITH,
Sous-ministre de la Marine et des Pêcheries.

☞Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements aux aides à la navigation, avis de nouvelles battures ou de nouveaux chenaux, erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la Marine et des Pêcheries, Ottawa, Canada." 38-3

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimees ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of March, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 3rd March, 1896, from the Minister of the Interior, stating that John Mawson, who obtained homestead entry for the North-east quarter of Section 18, Township 32, Range 4 West of the 3rd Dominion Lands Meridian, on the 8th May, 1891, has applied for patent therefor, but although satisfactory evidence has been produced to prove that he has resided upon his homestead for the necessary period, and has good buildings and a large herd of cattle and horses upon the place, he has done no cultivation thereon owing to the fact, as reported by the Homestead Inspector, that none of the land is fit for cultivation.

The Minister therefore recommends that, following the precedent set in the case of Henry J. Jones, to whom under exactly similar circumstances a patent was issued under authority of an Order in Council of the 14th October, 1892, he be authorized to issue a patent to John Mawson for the said North-east quarter of Section 18, Township 32, Range 4, West of the 3rd Dominion Lands Meridian.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 4 of 1896.

I. BEACONS AT THE MOUTH OF FRASER RIVER CARRIED AWAY.

The most northerly of the three beacons on Sturgeon Bank, off the mouth of the River Fraser, Gulf of Georgia, British Columbia, and the beacon erected last year off Roberts Bank, as indicated in part VIII of Notice to Mariners No. 26 of 1895, are reported carried away. They will be replaced as soon as the weather is sufficiently settled for the work.

II. UNCHARTED DANGERS ON THE WEST COAST OF VANCOUVER ISLAND.

The following dangers, on the West Coast of Vancouver Island, are reported by Captain J. T. Walbran, Master of the Dominion Steamer "Quadra," as having been examined and located during that vessel's late cruise in search of the "Cadzow Forest":—

(1) Two rocks, marked by kelp, in the narrowest part of the fairway to Nasparti Inlet, S. E. of Hat Island. The inner rock is about a cable from the island, and with a heavy swell the sea breaks continually on it. On the outer rock 3 fathoms were found. This spot may be located by the following sextant angles: S. tangent of peninsula S.W. of Hat Island and W. tangent of Hat Island, 73° 20': W. and E. tangents of Hat Island, 35°.

Lat. N. 50° 8' 12"
Long. W. 127° 40' 32"

This notice affects Admiralty charts Nos. 583 and 716, and British Columbia Pilot, 1888, page 332.

(2) Several dangers between Mullins and Turtle Islands, in the Broken Group, Barclay Sound :—

(*a.*) A rock awash, on which the steamer "Maud" struck in February, 1896, about 1½ cables S. W. by W. from the west extreme of Mullins Island.

(*b.*) Shoal water marked by kelp extending east north eastward from Marchant Island, with a sounding of 1½ fathoms at 1¼ cables from the island.

(*c.*) Shoal water marked by kelp extending eastwardly beyond the rock shown on the chart, east of Turtle Island, with a sounding of 1½ fathoms, 1¼ cables E. by S. from this rock.

(*d.*) Where there is a sounding marked 3 fathoms with kelp in the passage to Island Harbour, north of Keith Island, a little cluster of rocks was found, which dries between two and three feet. This is a safe passage into the harbour.

This notice affects Admiralty charts Nos. 584 and 592, and British Columbia Pilot, 1888, pages 283 to 285.

(3) From Channel Rock, in Western Channel, Barclay Sound, a reef extends 1¾ cables N. by W. on which the sea breaks at low water. Wessels passing north of Channel rock should give it a berth of 3 cables.

This notice affects Admiralty charts Nos. 584 and 592, and British Columbia Pilot, 1888, page 283.

III. BEACONS ON ROUND AND CASTLE ISLANDS DISAPPEARED.

The beacons on Round and Castle Islands, in the Western channel of Barclay Sound, have disappeared, and will not be replaced.

This notice affects Admiralty charts Nos. 584 and 592, and British Columbia Pilot, pages 288 and 289.

IV. BEACON IN BAYNES SOUND MISSING.

The inner beacon marking the crossing over Kelp Bar, Baynes Sound, British Columbia, described in part II of Notice to Mariners No. 45 of 1894, is reported missing.

Lat. N. 49° 38' 56"
Long. W. 124° 53' 30"

It will be replaced, as soon as possible, and notice will be given when it is again in position.

Cache-nez						

Une distribution semblable à la précédente, d'habillement personnel et public, sera faite aux sous-officiers attachés à un corps permanent pour un cours complet d'instruction.

Les tuniques ne seront distribuées qu'après que la recrue aura servi trois mois.

Une distribution semblable à celle faite lors de l'enrôlement aura lieu annuellement aux sous-officiers et hommes des corps permanents, à l'anniversaire de l'enrôlement, ou aussitôt après que possible.

Après la première distribution, deux paires de bottes courtes seront distribuées annuellement à l'artillerie de campagne non montée, à l'artillerie de place et à l'infanterie, une paire de wellingtons et une paire de bottes d'hiver à la cavalerie, et une paire de grandes bottes et une paire de bottes d'hiver à l'artillerie de campagne montée.

Deux gilets en serge seront distribués au lieu d'une tunique et d'un gilet en serge pour la troisième année de service, et ainsi durant le service subséquent.

Tout habillement distribué aux sous-officiers et hommes attachés pour un cours complet d'instruction sera remis en magasin à l'expiration de leur cours. Ces articles seront gardés en mains dans le magasin du quartier-maître comme "partiellement usés."

Tout habillement abandonné par des déserteurs, ou à la mort d'un homme sera remis dans le magasin du quartier-maître, comme " partiellement usé."

Tout habillement " partiellement usé " pourra être vendu aux sous-officiers et hommes qui désireront acheter un habillement de travail, à des valeurs fixées selon la durée de temps que les articles ont servi.

Les nécessaires régimentaires suivants seront distribués à chaque soldat en s'enrôlant, et seront tenus en bon état de service à ses propres frais pendant toute la durée de son service.

AVIS AUX MARINS.

No. 3 de 1896.

AMÉLIORATION AU PHARE DE CAP GASPÉ.

La cheminée sur le côté nord-est du phare du Cap Gaspé, dans le golfe Saint-Laurent, qui obstruait le feu, a été transportée sur le côté de la bâtisse faisant face à la terre. Le feu est donc visible de tous les points d'approche de la mer.

Cet avis affecte les cartes de l'Amirauté Nos. 1163 et 1621, et la Liste des phares et signaux de brume canadiens, No. 509.

II. CHANGEMENT DANS LA HAUTEUR DE L'ARRIÈRE-FEU D'ALIGNEMENT DU CAP CHARLES.

Dans le cours de la dernière saison, le mât d'où était exhibé un feu de fanal, formant l'arrière-feu d'alignement au Cap Charles, dans le chenal des navires du fleuve Saint-Laurent entre Québec et Montréal, a été remplacé par un nouveau mât 40 pieds de hauteur, ou dix pieds plus haut que celui autrefois en usage. Le feu se trouve donc à 120 pieds au lieu de 110 pieds au-dessus de la marque des hautes eaux.

Cet avis affecte la carte de l'Amirauté No. 2830 A. et la Liste des phares et signaux de brume canadiens No. 692.

WM. SMITH,
Sous-ministre de la Marine et des Pêcheries.

Ministère de la Marine et des Pêcheries,
Ottawa, Canada, 5 mars 1896.

☞Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements aux aides à la navigation, avis de nouvelles battures ou de nouveaux chenaux, erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la Marine et des Pêcheries, Ottawa, Canada." 38-3

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of March, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1896, from the Minister of the Interior, stating that by an Order in Council dated the 13th of December, 1886, the portion of the west half of Section 1, lying north and west of the Belly River, and south of the Little Bow River, in Township 11, Range 19 west of the 4th Meridian, in the District of Alberta, shown in pink on the annexed plan, was reserved for stock-watering purposes.

The Minister further states that Messrs. Conrad Brothers, who are entitled to purchase ten per cent of their leasehold under the terms of an Order in Council dated the 22nd April, 1893, have applied to be permitted to buy a tract of land within their leasehold, including a portion of the stock-watering reserve referred to in the preceding paragraph. The tract which they desire to purchase is hatched in black on the plan, and contains an area of about seventy-five acres.

The Minister further states that Mr. William Pearce, the member of the Land Board who made the selections of the watering places has reported that Messrs. Conrad Brothers have improvements on a portion of the north-west quarter of Section 1, lying north and west of the Belly River, and south of Little Bow River, and he (Mr. Pearce) recommends that the northerly thirty chains of this land, hatched in black on the annexed sketch, be withdrawn from the stock-watering reserve and sold to the applicants.

The Minister, concurring in the report of Mr. Pearce, recommends its adoption.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

Wednesday, the 25th day of March, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 9th March, 1896, from the Minister of the Interior, stating that on the 19th April, 1886, Henry McElree entered for the west half of Section 20, Township 18, Range 18 west of the 2nd Dominion Land Meridian, under the authority of Military Bounty Warrant No. 0029.

That under the provisions of the Military Bounty Act, the locatee of a Military Bounty homestead is required to reside thereon, but through a misapprehension in the office of the Agent of Dominion Lands Mr. McElree was informed that he might perform his settlement duties under what was known as the "two-mile radius system" of the Dominion Lands Act.

The Minister further states that the Commissioner of Dominion Lands now reports that Mr. McElree has fulfilled the requirements of the said "two-mile radius system," being sub-clause 6 of clause 38 of the Dominion Lands Act, but that the entry having been made under a Military Bounty Warrant it is impossible to grant Mr. McElree a free homestead, and he, the Commissioner, recommends that under the circumstances the land claimed be sold to Mr. McElree at $1 per acre.

The Minister approving of the Commissioner's report, recommend that he be authorized under the provisions of sub-clause "*h*" of clause 90 of the Dominion Lands Act, to sell to Henry McElree, the said west half of Section 20, Township 18, Range 18 west of the 2nd Dominion Lands Meridian, at the rate of $1 per acre.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

Thursday, the 2nd day of April, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 26th March, 1896, from the Minister of the Interior, stating that Mr. J. H. Lyons, who obtained a homestead entry for the south-west quarter of Section 6, Township 9, Range 13 west of the 1st Meridian, on the 18th August, 1892, finds that he is unable owing to ill-health to live upon his homestead and is desirous of being permitted to acquire the land by purchase.

The Minister further states that the report of the inspection of the land discloses that the value of the improvements amounts to $610, and that out of a total area of 80 or 85 acres fit for cultivation, 70 acres have been broken and 50 acres were in crop in 1895, and the Homestead Inspector also reports that the outside value of the land is $1.25 per acre.

The Minister, therefore, recommends that authority be given him, under sub-clause "*h*" of clause 90 of The Dominion Lands Act, to sell the south-west quarter of Section 6, Township 9, Range 13 west of the 1st Meridian, to Mr. J. H. Lyons at the rate of $1.25 per acre.

The Committee advise that the requisite authority be granted accordingly.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of March, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Memorandum, dated 11th March, 1896, from the Minister of the Interior, submitting the annexed report of the Deputy-Minister of the Interior recommending that the south-west quarter of Section 2, Township 24, Range 17 west of the 1st Dominion Lands Meridian, be sold to Noel Stephen Ross at the rate of $1 per acre, and recommending its adoption.

The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Department of the Interior, Canada,
Ottawa, 11th March, 1896.

Sir,—Upon the application of Noel Stephen Ross to purchase the south-west quarter of Section 2, Township 24, Range 17 west of the 1st Meridian, at a reduced rate, I have the honour to report that Mr.

Ross served in Boulton's Scouts during the outbreak of 1885, and received for his services a certificate entitling him to a Military Homestead of 320 acres; but being under 18 years of age it was impossible for him to locate a Military Land Warrant under the provisions of the Dominion Lands Act. He was therefore obliged to accept the alternative offer of a scrip note of the face value of $80. Subsequently, after he was old enough, he made an ordinary homestead entry to the aboved described land, upon which he resided for some time and made improvements thereon, but finding the land unsuitable for his purposes was forced to abandon it before completing his homestead duties. To save himself from total loss in the matter, he now asks permission to purchase this quarter-section at the rate of $1 per acre. The Commissioner of Dominion Lands, taking into consideration the circumstances under which Mr. Ross was debarred from obtaining a Military Bounty Homestead, has reported that he thinks Mr. Ross's application deserving of consideration, in which opinion I concur. I therefore beg to recommend that the authority of Council be asked, under the provisions of sub-clause "*h*" of clause 90 of the Dominion Lands Act, to sell to Noel Stephen Ross the said south-west quarter of Section 2, Township 24, Range 17 west of the 1st Dominion Lands Meridian, at the rate of $1 per acre.

I have the honour to be, Sir,
Your obedient servant,
(Signed) A. M. BURGESS,
41-4 Deputy of the Minister of the Interior.

[912]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of March, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 3rd March, 1896, from the Minister of the Interior, stating that John Mawson, who obtained homestead entry for the North-east quarter of Section 18, Township 32, Range 4 West of the 3rd Dominion Lands Meridian, on the 8th May, 1891, has applied for patent therefor, but although satisfactory evidence has been produced to prove that he has resided upon his homestead for the necessary period, and has good buildings and a large herd of cattle and horses upon the place, he has done no cultivation thereon owing to the fact, as reported by the Homestead Inspector, that none of the land is fit for cultivation.

The Minister therefore recommends that, following the precedent set in the case of Henry J. Jones, to whom under exactly similar circumstances a patent was issued under authority of an Order in Council of the 14th October, 1892, he be authorized to issue a patent to John Mawson for the said North-east quarter of Section 18, Township 32, Range 4, West of the 3rd Dominion Lands Meridian.

The Committee submit the above recommendation for Your Excellency's approval.

The most northerly of the three beacons on Sturgeon Bank, off the mouth of the River Fraser, Gulf of Georgia, British Columbia, and the beacon erected last year off Roberts Bank, as indicated in part VIII of Notice to Mariners No. 26 of 1895, are reported carried away. The following dangers, on the West Coast of Vancouver Island, are reported by Captain J. T. Walbran, Master of the Dominion Steamer "Quadra," as having been examined and located during that vessel's late cruise in search of the "Cadzow Forest" :—

(1) Two rocks, marked by kelp, in the narrowest part of the fairway to Nasparti Inlet, S. E. of Hat Island. The inner rock is about a cable from the island, and with a heavy swell the sea breaks continually on it. On the outer rock 3 fathoms were found.

This spot may be located by the following sextant angles: S. tangent of peninsula S.W. of Hat Island and W. tangent of Hat Island, 73° 20': W. and E. tangents of Hat Island, 35°.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill prive ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Wednesday, the 1st day of April, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Consolidated Fishery Regulations of the 18th July, 1889, provide a close season for Maskinongé, in the Province of Ontario, from the 15th day of April to the 15th day of June in each year, both days inclusive.

And whereas representations have been made to the effect that this period is too long in so far as the waters of Rice Lake are affected, and that the above mentioned fish have finished spawning by the 20th May, and whereas it is further claimed that by the 15th June, the weeds in that lake are so thick that fishing for Maskinongé is very difficult, if not almost impossible, and the fishermen are consequently unable to take advantage of the fishing when the close season ends.

His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order that section 2 of the General Fishery Regulations for the Province of Ontario, adopted on the 18th July, 1889, shall be and the same is hereby amended by the addition of the following proviso thereto :—

Provided that the close season for Maskinongé in Rice Lake, in the Province of Ontario, shall be from the 15th April to the 1st June in each year, both days inclusive.

His Excellency, in virtue of the provisions of clause 31 of The Dominion Lands Act, chapter 54 of the Revised Statutes, and by and with the advice of the Queen's Privy Council of Canada, is pleased to grant to the Trustees of Langevin School District, No. 379, North-west Territories, two acres of land immediately adjoining the north-west corner of the north-east quarter of Section 15, Township 28, Range 4 west of the 2nd Meridian, for the purposes of a school site and play-ground, the grant being subject to the usual payment of $10 for patent fee, the said parcel of two acres being more particularly described as follows :—

[1102]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 1st day of April, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 16th March, 1896, from the Minister of the Interior, submitting a case which has arisen out of claims to the north-west quarter of Section 19, Township 20, Range 1 west of the 5th Meridian, and which should be dealt with under the provisions of sub-clause (*h*) of clause 90 of The Dominion Lands Act, the particulars thereof being as follows :—

This quarter-section is within a tract of land which was at one time leased to Charles William Martin, for grazing purposes, and upon which were erected the principal buildings belonging to his ranche. Mr. Martin having applied for this quarter-section as a homestead, was granted an entry for it on the 15th April, 1893. Shortly afterwards he applied for his patent but he was advised that before a certificate of recommendation for such patent could be granted to him he would have to furnish the usual proof of compliance with the residence and cultivation conditions of his entry.

Upon the 25th July, 1894, there was received by the Department of the Interior, an assignment of the quarter-section bearing date the 7th December, 1893. This instrument was executed by Mr. Martin in favour of Mrs. Lizzie M. Barter, widow of the late John James Barter, who in his lifetime was largely financially interested in the affairs of the Quorn Ranche Company, being at one time the company's manager. A dispute having arisen between the shareholders of this company as to its affairs and as to the ownership of the buildings and improvements upon the quarter-section in question, certain of the shareholders claiming that they belonged to the company and that Mr. Martin had erected the buildings and made the improvements for the company, Mrs. Barter brought an action in the Supreme Court of the North-west Territories, North Alberta Judicial District, against the shareholders and receivers of the company, and, under and in pursuance of the terms of a memorandum of settlement and compromise which was executed between the parties to the said action, and which was made a rule and judgment of the above mentioned Court by a decree granted by Mr. Justice Scott on the 20th November, 1894, in such action, Edward J. Swann and J. Sidney Gibb, the company's receivers, executed a quit-claim deed in favour of Mrs. Barter of all the estate and interest of the company to the quarter-section in question. Copies of the decree, memorandum of settlement, and quit-claim deed are of record in the Department of the Interior.

The Minister, under the foregoing circumstances, is of the opinion that Mrs. Barter has an equitable claim to the patent for this quarter-section, which should be recognized upon payment by her of a reasonable price for the same, which price, after consulting the Deputy Minister of the Interior, and the Commissioner of Dominion Lands, he has fixed at $1 an acre.

The Minister, therefore, recommends that the sale of the quarter-section to Mrs. Barter, at the rate mentioned above, be authorized under the provisions of sub-clause (*h*) of clause 90 of The Dominion Lands Act, she having paid $160 in scrip, in full of such purchase.

The Committee submit the above recommendation for Your Excellency's approval.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1896, from the Minister of the Interior, stating that by an Order in Council dated the 13th of December, 1886, the portion of the west half of Section 1, lying north and west of the Belly River, and south of the Little Bow River, in Township 11, Range 19 west of the 4th Meridian, in the District of Alberta, shown in pink on the annexed plan, was reserved for stock-watering purposes.

The Minister further states that Messrs. Conrad Brothers, who are entitled to purchase ten per cent of their leasehold under the terms of an Order in Council dated the 22nd April, 1893, have applied to be permitted to buy a tract of land within their leasehold, including a portion of the stock-watering reserve referred to in the preceding paragraph. The tract which they desire to purchase is hatched in black on the plan, and contains an area of about seventy-five acres.

The Minister further states that Mr. William Pearce, the member of the Land Board who made the selections of the watering places has reported that Messrs. Conrad Brothers have improvements on a portion of the north-west quarter of Section 1, lying north and west of the Belly River, and south of Little Bow River, and he (Mr. Pearce) recommends that the northerly thirty chains of this land, hatched in black on the annexed sketch, be withdrawn from the stock-watering reserve and sold to the applicants.

The Minister, concurring in the report of Mr. Pearce, recommends its adoption.

The Committee submit the same for Your Excellency's approval.

And whereas the said Act has been laid before the Governor General in Council together with a report from the Minister of Justice recommending that the said Act should be disallowed,—

Wednesday, the 25th day of March, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 9th March, 1896, from the Minister of the Interior, stating that on the 19th April, 1886, Henry McElree entered for the west half of Section 20, Township 18, Range 18 west of the 2nd Dominion Land Meridian, under the authority of Military Bounty Warrant No. 0029.

That under the provisions of the Military Bounty Act, the locatee of a Military Bounty homestead is required to reside thereon, but through a misapprehension in the office of the Agent of Dominion Lands Mr. McElree was informed that he might perform his settlement duties under what was known as the "two-mile radius system" of the Dominion Lands Act.

The Minister further states that the Commissioner of Dominion Lands now reports that Mr. McElree has fulfilled the requirements of the said "two-mile radius system," being sub-clause 6 of clause 38 of the Dominion Lands Act, but that the entry having been made under a Military Bounty Warrant it is impossible to grant Mr. McElree a free homestead, and he, the Commissioner, recommends that under the circumstances the land claimed be sold to Mr. McElree at $1 per acre.

The Minister approving of the Commissioner's report, recommend that he be authorized under the provisions of sub-clause "*h*" of clause 90 of the Dominion Lands Act, to sell to Henry McElree, the said west half of Section 20, Township 18, Range 18 west of the 2nd Dominion Lands Meridian, at the rate of $1 per acre.

The Committee submit the above recommendation for Your Excellency's approval.

Thursday, the 2nd day of April, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 26th March, 1896, from the Minister of the Interior, stating that Mr. J. H. Lyons, who obtained a homestead entry for the south-west quarter of Section 6, Township 9, Range 13 west of the 1st Meridian, on the 18th August, 1892, finds that he is unable owing to ill-health to live upon his homestead and is desirous of being permitted to acquire the land by purchase.

The Minister further states that the report of the inspection of the land discloses that the value of the improvements amounts to $610, and that out of a total area of 80 or 85 acres fit for cultivation, 70 acres have been broken and 50 acres were in crop in 1895, and the Homestead Inspector also reports that the outside value of the land is $1.25 per acre.

The Minister, therefore, recommends that authority be given him, under sub-clause "*h*" of clause 90 of The Dominion Lands Act, to sell the south-west quarter of Section 6, Township 9, Range 13 west of the 1st Meridian, to Mr. J. H. Lyons at the rate of $1.25 per acre.

The Committee advise that the requisite authority be granted accordingly.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 11th March, 1896, from the Minister of the Interior, submitting the annexed report of the Deputy-Minister of the Interior recommending that the south-west quarter of Section 2, Township 24, Range 17 west of the 1st Dominion Lands Meridian, be sold to Noel Stephen Ross at the rate of $1 per acre, and recommending its adoption.

The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

—

DEPARTMENT OF THE INTERIOR, CANADA,
OTTAWA, 11th March, 1896.

SIR,—Upon the application of Noel Stephen Ross to purchase the south-west quarter of Section 2, Township 24, Range 17 west of the 1st Meridian, at a reduced rate, I have the honour to report that Mr. Ross served in Boulton's Scouts during the outbreak of 1885, and received for his services a certificate entitling him to a Military Homestead of 320 acres; but being under 18 years of age it was impossible for him to locate a Military Land Warrant under the provisions of the Dominion Lands Act. He was therefore obliged to accept the alternative offer of a scrip note of the face value of $80. Subsequently, after he was old enough, he made an ordinary homestead entry to the aboved described land, upon which he resided for some time and made improvements thereon, but finding the land unsuitable for his purposes was forced to abandon it before completing his homestead duties. To save himself from total loss in the matter, he now asks permission to purchase this quarter-section at the rate of $1 per acre. The Commissioner of Dominion Lands, taking into consideration the circumstances under which Mr. Ross was debarred from obtaining a Military Bounty Homestead, has reported that he thinks Mr. Ross's application deserving of consideration, in which opinion I concur. I therefore beg to recommend that the authority of Council be asked, under the provisions of sub-clause "*h*" of clause 90 of the Dominion Lands Act, to sell to Noel Stephen Ross the said south-west quarter of Section 2, Township 24, Range 17 west of the 1st Dominion Lands Meridian, at the rate of $1 per acre.

I have the honour to be, Sir,
Your obedient servant,

(Signed) A. M. BURGESS,
41–4 Deputy of the Minister of the Interior.

Friday, the 13th day of March, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 3rd March, 1896, from the Minister of the Interior, stating that John Mawson, who obtained homestead entry for the North-east quarter of Section 18, Township 32, Range 4 West of the 3rd Dominion Lands Meridian, on the 8th May, 1891, has applied for patent therefor, but although satisfactory evidence has been produced to prove that he has resided upon his homestead for the necessary period, and has good buildings and a large herd of cattle and horses upon the place, he has done no cultivation thereon owing to the fact, as reported by the Homestead Inspector, that none of the land is fit for cultivation.

The Minister therefore recommends that, following the precedent set in the case of Henry J. Jones, to whom under exactly similar circumstances a patent was issued under authority of an Order in Council of the 14th October, 1892, he be authorized to issue a patent to John Mawson for the said North-east quarter of Section 18, Township 32, Range 4, West of the 3rd Dominion Lands Meridian.
